Teaser	Traffic signs and traffic facilities are used to regulate traffic. They require an official order.
Volltext	Traffic signs and traffic facilities are used to regulate traffic. They are ordered by the authorities and must be observed by road users. Temporary orders for traffic signs and traffic facilities are also possible. However, traffic signs and devices may only be ordered if absolutely necessary. Traffic signs include • Traffic signs, • road markings, • Traffic light displays (e.g. variable message signs). Traffic facilities are • Barriers, • barrier posts, • parking meters, • parking ticket machines, • railings, barriers, • guidance systems, • flashing light and traffic light systems ("traffic lights"). All traffic signs are listed in the traffic sign catalog (VZKat).

weiterführende Informationen	
Hinweise	The costs for traffic signs and facilities are generally borne by the road authorities. Deviating from this, there are other regulations, in particular from the StVG and the StVO (e.g. bearing of costs by the applicant for tourist signs). Further information on traffic signs and symbols can be found on the website of the Federal Highway Research Institute (BAST). https://www.bast.de/BASSt_2017/DE/Verkehrstechnik/Fachthemen/v1-verkehrszeichen/vz-start.html?nn=1817946 https://www.bast.de/BASSt_2017/DE/Verkehrstechnik/Fachthemen/v1-verkehrszeichen/vz-start.html?nn=1817946
