Teaser	The school psychological service supports, advises and mediates in the event of problems that arise at school.
Volltext	The school psychology service supports all those involved in schools with school-related problems. In Schleswig-Holstein, there is a school psychology advice center in every district and every independent city. As professional psychologists, the school psychologists are bound to confidentiality and work exclusively in an advisory capacity. All potential clients should contact the relevant school psychology advice center directly. The school psychology service is used on a voluntary basis. The school psychologists are committed to neutrality and independence and cooperate with other counseling services as required and in compliance with confidentiality and data protection regulations. The following fields of activity belong to the range of tasks of the school psychology service: • School psychological counseling for all those involved in school life, • Supervision and coaching for those working in schools, • Support in the aftercare of school crisis cases, • teacher training and • networking. You can also find more information on the state portal "Bildung Schleswig-Holstein".
