Teaser	The Euro WC key enables access to disabled toilets in Germany and some European countries.
Volltext	The Euro WC key is only issued to people who are dependent on barrier-free toilets. As a rule, the prerequisite is a German disabled person's pass with one of the following marks: aG, B, H, BL or G in conjunction with a degree of disability (GdB) of at least 70. Persons suffering from multiple sclerosis, Crohn's disease or ulcerative colitis as well as people with stoma are also eligible. Medical proof will be accepted if no other suitable proof is available, particularly in the case of persons from abroad whose countries of origin do not have a comparable ID card system. In such cases, the European parking permit for people with disabilities can also serve as proof. The key can be used throughout Germany as well as in Austria, Switzerland and other European countries - for example at disabled toilets at highway service stations and in many cities.
Erforderliche Unterlagen	• Severely disabled person's pass or notification from the State Office for Social Services, • medical report or medical certificate, if applicable.
