authority

- declaration that you have applied to the registration office for a certificate of good conduct for submission to the competent authority if you reside abroad: documents from your home country proving your personal reliability
- declaration of existing or intended place of establishment with all branch and satellite offices

Note: Under certain circumstances, the competent authority may waive the requirement to submit certain documents. Please enquire about this with the competent office.

Additionally, for applicants with a foreign professional qualification, to confirm the equivalence of your professional qualification:

The following documents are required for the assessment of equivalence:

1. a tabular list in German of the training courses you have completed and the gainful employment you have had
2. proof of identity
3. evidence of training acquired abroad
4. evidence of relevant professional experience and other evidence of qualifications, insofar as these are required to establish equivalence
5. if available, a certificate of entitlement to exercise the profession in the country of training
6. a statement as to whether an application for authorisation to take up or pursue a regulated profession has already been submitted and, if so, to which body, as well as a decision issued

Note: Documents 2 to 6 must be submitted in the form of copies or electronically. Translations in German of documents 3 to 5 must be submitted. In addition, translations in German of the documents according to 2 and all subsequently submitted documents may be required. The translations shall be prepared by a publicly appointed or sworn interpreter or translator.

Voraussetzungen

Prerequisites for the recognition are:

- You possess the qualification for the higher civil service in the Markscheide subject.
- You have the qualifications required for the work of a mine surveyor Reliability and physical and mental fitness.
- You are younger than 70 years of age.

Notice You do not have the required reliability, for example, if you

- are incapacitated or
- have a court order restricting your ability to dispose of your assets.

You are physically or mentally unsuitable for example, if you are permanently incapacitated to carry out a professional surveying activity due to a physical infirmity or mental weakness.

Have you passed an examination as a mine surveyor outside the Federal Republic of Germany? Then recognition can be granted if the training and examination correspond to the type and scope of training and examination for the higher civil service in the Federal Republic of Germany and if the Ministry of the Environment confirms this. The assessment of equivalence is made within the framework of the decision on recognition as a mine surveyor. Please enclose the documents listed below for the assessment of equivalence with the application for recognition.

If the training and examination are not equivalent, for recognition as a mine surveyor additional training and the passing of a supplementary examination may be required.
