You can submit the application at the earliest six months before reaching the minimum age prescribed for the respective driving licence class.

You must submit the application to the driving licence office in your place of residence in writing or, if offered by the competent authority, as an online application. If you apply in writing, you can obtain the application form from the driving licence office. You can also submit the written application there, including the required proofs and documents. In most cases, the driving school you have registered with will submit the application for you.

For the online application, please use the link on this page. You can upload the required evidence and documents as file attachments as part of the online application.

Notice: You can also submit the application to your municipality of residence; the municipal administration will then forward the documents to the competent office.

After passing the test, you will receive a card driving licence ("EU driving licence").

For an extra fee, you can order an express order beanorder. This shortens the waiting time for your new driving licence. For more information, please contact your local authority.
