Volltext	<p>The notices for cigarettes, roll-your-own tobacco and water pipe tobacco consist of a health warning with an accompanying picture. An example is: "Smoking causes fatal lung cancer" with a picture of a so-called smoker's lung.</p> <p>As a mandatory labelling element, the picture warnings must cover two thirds of the front and two thirds of the back of the packaging. They are placed in addition to other general information and warnings such as "Smoking kills".</p> <p>The image library for designing packaging with combined health warnings for smoking tobacco products is not publicly available. Therefore, you have to apply for the files at the Federal Office of Consumer Protection and Food Safety (BVL).</p> <p>You may only use the image files in accordance with the European Commission's conditions of use. The technical specifications for layout, design and form of the warnings can be found in the respective implementing decisions of the European Union.</p>
Erforderliche Unterlagen	You may need to submit a power of attorney.
Voraussetzungen	Only tobacco companies receive the files for the purpose of labelling certain tobacco products or depicting them in advertising.
