Volltext	Would you like to use a road for more than the normal use? The use of a road beyond public use constitutes a special use and requires a permit. The road construction authority decides on the granting of permission. The following events, for example, fall under the term special use (list not exhaustive):

Modul

Sachverhalt

- Erection of scaffolding, containers, cable bridges, tables, chairs
- Construction of private lines
- Storage of materials or parking of construction vehicles and machinery

Parallel to the permit, you must apply for a traffic order from the road traffic authority.

Erforderliche Unterlagen

- complete application This also includes necessary additional documents such as traffic sign plan, site plan, photos or sketches, which you must submit to the authorising authority on request
- RSA qualification certificate in accordance with MVAS 99 RSA stands for guidelines for traffic safety at road works. Every person who carries out road safety measures must be qualified in accordance with the MVAS 99 leaflet.

Voraussetzungen

You would like to use a road more than is usual.

Kosten

depending on the fee schedule and the workload of the competent authority

They take into account, among other things

- The nature and extent of the impact on the road
- the economic interest of the applicant

Enquire with the competent authority.

Verfahrensablauf

Apply for the permit and the traffic law order from the competent authority. You can do this in person, in writing or digitally.

The local road traffic authority will work out the authorisation requirements together with

- the person making the application,
- the other authorities affected by the planned special use and
- the police.

The competent authority will send you, as the applicant, the approved application in the form of a
