Teaser	You need a building permit to erect certain structures. To do this, you must submit a building application to the responsible lower building supervisory authority.
Volltext	Before you can erect an installation that requires approval, you need a building permit. To do this, you submit a building application to the responsible lower building supervisory authority. You must use the officially prescribed forms or an online service for the building application. Depending on the project, you may need the support of an authorized draftsman (e.g. architect or civil

Modul

Sachverhalt

engineer). The building application includes a number of building documents that are required for the assessment of the project and the processing of the building application. These include, for example, the extract from the official real estate map, site plan, building description and construction drawings.

The building permit is subject to a fee.

Erforderliche Unterlagen

- Building application (via online service or official form)
 - Extract from the official real estate map
 - Site plan from an officially appointed surveying office
 - Construction drawings
 - Building description

If they are to be submitted, also

- Proof of stability
- Fire protection concept
- Information on the secured development

Please contact your local building supervisory authority to find out which documents you need to submit for your specific building project.

Voraussetzungen

You will receive a building permit if the building application is complete and the described building project complies with the public-law regulations to be examined in the building supervisory procedure.

If your building project does not comply with the public building regulations, you can apply for and justify deviations separately with the building application. In this case, the lower building supervisory authority will

	check whether the deviations can be approved. https://www.regierung-mv.de/Landesregierung/em/Bau/Planen-und-Bauen/Bauformulare/ https://www.regierung-mv.de/Landesregierung/em/Bau/Planen-und-Bauen/Bauformulare/
Kosten	• at least EUR 60.00 • The cost calculation takes into account the expected costs of the construction work and the work involved in checking the building application.
Verfahrensablauf	You can apply for a building permit for the construction of an installation online or in text form using the published form. Attach the required building documents. Submit the application documents to the responsible lower building supervisory authority. If documents are missing or there are other ambiguities, you will be asked to rectify these obstacles to approval. In this case, submit the missing or amended documents and/or the clarification. The lower building supervisory authority will examine your application and involve the municipality and those bodies whose involvement or consultation is required for the decision on the building application or without whose opinion the approvability of the building application cannot be assessed. You will receive a decision on the building permit. The building permit is subject to a fee. You will receive a notification of fees. If necessary, the lower building supervisory authority will ask you to pay a fee in advance after the application has been submitted.
Bearbeitungsdauer	
Frist	• No application deadline • No approval period in the normal building permit procedure
