Teaser	The state subsidizes fertility treatments in addition to the benefits provided by statutory health insurance.
Volltext	In vitro fertilization (IVF) and intracytoplasmic sperm injection (ICSI) treatments in the first to fourth treatment cycle that meet the requirements of this administrative regulation are eligible for funding.
Erforderliche Unterlagen	You can find out which documents are required on the application form on the funding authority's website. https://www.lagus.mv-regierung.de/Foerderungen/MV/#kinderwunschbehandlungen https://www.lagus.mv-regierung.de/Foerderungen/MV/#kinderwunschbehandlungen
Voraussetzungen	Benefits for persons with statutory health insurance require that a) the couple referred to in number 3 who wish to take advantage of treatment in accordance with number 2 fulfill the requirements of § 27a of the Fifth Book of the Social Code (SGB V) irrespective of the existence of a marriage, whereby § 27a paragraph 1 number 2 second half-sentence SGB V does not apply to the fourth treatment cycle, b) the couple referred to in number 3 has their main

residence in Mecklenburg-Vorpommern and

c) the treatment takes place in an approved reproductive medicine facility in Mecklenburg-Vorpommern; the use of an approved reproductive medicine facility outside Mecklenburg-Vorpommern is only eligible for funding in justified exceptional cases to avoid hardship.

Number 4.1 shall apply accordingly to persons not covered by statutory health insurance.

Grants may only be approved if treatment has not yet begun. As a rule, the prescription for the hormone treatment preceding the treatment is to be regarded as the start. The preparation of the treatment plan and the declaration of assumption of costs by the statutory health insurance (GKV), the subsidy and/or the private health insurance do not constitute the start of the measure within the meaning of number 1.3 of the administrative regulations on § 44 of the Mecklenburg-Vorpommern state budget regulations.

A grant to couples living in a non-marital partnership in accordance with number 3.2 requires that the father of the child declares with the application for the grant that he intends to recognize paternity if the mother of the child becomes pregnant as a result of the funded measure.
