Teaser	If you are a racing club, organize horse races and want to place bets, you need a permit to operate a totalizator.
Volltext	If you are a racing or horse breeding club and wish to operate a totalizator on the racecourse on the occasion of public performance tests for horses or operate a betting office for horse races outside a racecourse, you will require a totalizator permit in accordance with the Racing Betting and Lotteries Act. In totalizator betting, the bettors bet among themselves and not against a bookmaker. The totalizator is a procedure by which the respective odds are continuously determined from all bets placed in the run-up to the start of the race and the proper distribution of winnings is processed after the end of the race. Bets can be placed at the totalizer on the racecourse, but also at betting offices outside the racecourse. A small portion of the betting proceeds goes directly to the racing club, which must use it exclusively for the benefit of the state horse breeding and for the organization of the horse races.
Erforderliche Unterlagen	• Articles of association • Extract from the register of associations or proof of membership in a breeders' association • annual budget • Annual report for the previous year • Betting requirements • Purchase, rental or lease agreement, if applicable • Proof of actual power of disposal over suitable premises as a betting office outside the racecourse
Voraussetzungen	• You must be a racing or horse breeding association with or without legal capacity.
