Teaser	If you are erecting or have erected an installation that requires a permit and this installation has not yet been approved or registered, you must report this to the competent authority by the deadline.
Volltext	<p>Coal-fired power plants, industrial plants, intensive livestock farming and similar facilities cause air pollution, noise, vibrations, etc. to a particularly high degree.</p> <p>In order to protect people and the environment from harmful environmental impacts and to prevent the occurrence of harmful environmental impacts, such plants require a permit for construction and operation in accordance with the Federal Immission Control Act</p>

Modul	Sachverhalt
	<p>(BImSchG). The installations that require a permit due to their type and size are listed exhaustively in the Ordinance on Installations Requiring a Permit (4th BIm-SchV).</p> <p>An installation that does not require a permit and has already been erected or the erection or substantial modification of which has begun, becomes subject to a permit when it is included in the list of installations requiring a permit in the Ordinance (4th BImSchV). In this case, the installation is subject to the licensing requirements under immission control law and must be registered with the competent authority within three months of the respective 4th Federal Immission Control Ordinance coming into force.</p>
Erforderliche Unterlagen	<ul style="list-style-type: none"> <li>• Required drawings, plans, expert opinions</li> <li>• explanations and</li> <li>• other documents (if necessary, ask the competent authority).</li> </ul>
Voraussetzungen	<ul style="list-style-type: none"> <li>• This is a notification obligation. As the operator of the installation, you comply with this obligation if you submit the notification to the competent authority by the deadline.             <ul style="list-style-type: none"> <li>• If the required documents are not already submitted with the notification, you can submit them to the competent authority within a further two months.</li> </ul> </li> </ul>
Kosten	<p>Fees are charged for the official act. The amount is primarily based on the installation costs of the facility or the administrative costs. Further details are regulated by the Immission Control Costs Ordinance M-V.</p>
Verfahrensablauf	<ul style="list-style-type: none"> <li>• You register the system with the responsible authority within three months of the respective ordinance coming into force in which your system was included in the catalog of systems requiring approval (4th BImSchV).             <ul style="list-style-type: none"> <li>• You must do this in writing.</li> <li>• Enclose the required documents. Alternatively, you can also submit the documents to the competent authority within a further two months of registration.</li> <li>• The competent authority will confirm receipt in writing or electronically. If necessary, the authority will</li> </ul> </li> </ul>

Modul	Sachverhalt
	<p>request further documents.</p> <ul style="list-style-type: none"> <li>The competent authority may also impose additional orders on you to ensure that your installation fulfills the obligations under the Federal Immission Control Act or that other public law regulations and concerns do not conflict with the construction and operation of the installation.</li> </ul>
Bearbeitungsdauer	<p>1 Monat(e)</p> <p>The competent authority must respond to your notification within one month of receiving it in full.</p>
Frist	<p>3 Monat(e)</p> <p>The application must be submitted within 3 months of the respective 4th BImSchV coming into force.</p> <p>Application deadline: 3 months Within 2 months of submitting the notification, documents must be submitted in accordance with Section 10 (1) BImSchG on the type, location, scope and mode of operation of the installation.</p>
