Teaser	If you have carried out a repair as a repairer, you must inform the competent authority immediately. You can find out more here.
Volltext	As a repairer, you must affix the repairer mark to measuring instruments whose calibration period had not ended before the repair. As a repairer, you are also obliged to inform the local verification authority immediately in writing or electronically of any repairs carried out. A period of 7 days is regarded as immediate for the transmission of repair notifications. However, in the case of measuring devices for determining speed and distance, the repair notification must be received by the local competent verification authority within 2 working days.
Erforderliche Unterlagen	Completed notification https://www.agme.de/?qs_servlet=downloadIxservlet&rq_ReclId=3836&qs_fileId=158&qs_lastModified=1662394672513&qs_fileControl=5C3C3DD3613D27081F9BF777B553B2A8298EF50F
Voraussetzungen	The prerequisite for a repair notification is that the competent authority has granted a company (repairer) the authorization to repair measuring devices upon request and to indicate this with a sign (repairer sign). A prerequisite for the granting of the authorization is that the companies have the equipment required for the repair and have competent personnel.
Kosten	The repairer notification does not incur any costs.
