Teaser	As the owner or operator of a telecommunications line, you require the consent of the landowner to lay or modify this infrastructure. If the property is a public highway, you must submit the application to the responsible highway authority.
Volltext	<p>If you are the owner or operator of a telecommunications line or a telecommunications network serving public purposes, you require the consent of the landowner to relocate or modify this infrastructure. If the property is a public traffic route, you must submit the application to the road owner. With the approval of the road owner, you can obtain any other necessary permits.</p> <p>Once you have obtained all the necessary permits, you can generally start the construction work. Please note any conditions, ancillary provisions and agreed deadlines.</p> <p>Basically, using the "Broadband Portal" online service offers you the following advantages:</p> <ul style="list-style-type: none"> • Clear presentation of your submitted applications and resubmission function • Provision of standardized formulations for comments and conditions • Direct communication option with the responsible authority

Modul

Sachverhalt

- Interface option for integration into your own system environment, specialist procedures and GIS systems
- Early coordination of restrictions or principles (installation guidelines) that the competent authority wishes to be observed during implementation
- Early communication between the responsible authority and the telecommunications company (TKU) regarding the most effective route planning possible
- All notifications and documents can be processed in digital form, thus ensuring seamless processing. This shortens response times, which means that the focus is on actual and widespread implementation.

Erforderliche Unterlagen

- Map with exact location of the measure
- Precise description of the measure (e.g. the components to be installed, information on quantities, masses and installation depth, time of implementation)
- Right of way from the Federal Network Agency (BNetzA)
- For service providers: additional power of attorney

Voraussetzungen

- You are the owner or operator of public telecommunications networks.
- You are the owner or operator of public telecommunications lines.
- You have been assigned the right of way by the Federal Network Agency.

Kosten

Verfahrensablauf

You can apply for line relocations in public traffic routes in writing or online.
 The process begins with the application submitted by you as a telecommunications company and ends with the notice of approval from the road owner and its legally effective delivery.

- When submitting the application, the construction project must be clearly described. This includes, for example, the exact location, the planned time period, the type of installation, material and installation depth.
- Proof of the existing right of way must be submitted and, in the case of service providers, additional authorization from the telecommunications company.
- The infrastructure manager checks the application

Modul	Sachverhalt
	<p>documents and approves them.</p> <ul style="list-style-type: none"> • The infrastructure manager has the option of attaching ancillary conditions to the approval, which you must take into account when implementing the measure. • The approval will be sent to you within 3 months of the application being submitted. • This period may be extended by one month if the application is more difficult. You will be informed of this. • If you have not received a notice of approval after three months, your application is deemed to have been approved.
Bearbeitungsdauer	<p>3 Monat(e)</p> <p>If you have not received a notice of approval after three months, your application is deemed to have been approved. If the application is particularly difficult, the processing time may be extended by one month. You will be informed of this.</p>
Frist	<p>3 Monat(e)</p> <p>If you have not received a notice of approval after three months, your application is deemed to have been approved. If the application is particularly difficult, the processing time may be extended by one month. You will be informed of this.</p>
