Teaser	Would you like to change the operator of a medium-sized combustion, gas turbine or internal combustion engine plant? Then you must report this to the responsible immission control authority.
Volltext	If you wish to change the operator of a medium-sized combustion plant, gas turbine or combustion engine plant, you must notify the responsible immission control authority in advance. The obligation to notify generally applies to all combustion plants with a rated thermal input of at

Modul	Sachverhalt
	least 1 MW and less than 50 MW, whether or not they require a permit. In the case of aggregated combustion plants, you must notify the planned commissioning if the combined rated thermal input is more than 1 MW and less than 50 MW. The authority responsible for you will then enter the information you provide in a register of installations, which is publicly accessible.
Erforderliche Unterlagen	Complete written or electronic notification
Voraussetzungen	You would like to change the operator of a medium-sized combustion, gas turbine or internal combustion engine plant.
Kosten	Verwaltungsgebühr: 100€ - 2.250€ Fees are charged for the official act. The amount is primarily based on the installation costs of the facility or the administrative costs. Further details are regulated by the Immission Control Costs Ordinance M-V.
Verfahrensablauf	• You submit your notification to the competent authority in writing or electronically. • The competent authority will check your notification and request further documents if necessary. • Once the notification and the complete documentation have been received, the competent authority will update the details of your installation in the register of installations.
Bearbeitungsdauer	There is no deadline for processing.
Frist	The change of operator must be reported immediately, but at the latest within one month.
weiterführende Informationen	
Hinweise	You are committing an administrative offense if you do not submit the notification at all, not correctly, not completely, not in the prescribed manner or not on time.

Modul	Sachverhalt
Rechtsbehelf	None. The administrative service is a real act against which no legal remedy is possible.
Kurztext	• Medium-sized combustion, gas turbine and internal combustion engine plant - Notification of a change of operator Acceptance • Planned change of operator of an installation must be notified in advance in writing or electronically • Notification must be made immediately, at the latest within one month • Competent authority checks the notification and updates the information on the installation in the publicly accessible installation register • Responsible: competent Immission control authority • responsible in Mecklenburg-Western Pomerania: • Installations requiring approval: State Offices for Agriculture and the Environment (StÄLU), Departments 5 • Installations not requiring approval: Immission control authorities of the districts, independent cities and large towns belonging to districts
