Apostille" here:

The Ministry of the Interior of Mecklenburg-Vorpommern is responsible for the legalization of public documents from Mecklenburg-Vorpommern that are intended for use abroad or for issuing the "Hague Apostille". However, this does not apply to judicial documents:

- The Ministry of Justice is responsible for public documents from its area of responsibility. The President of the Higher Regional Court is responsible for all public documents issued by him or her. The presidents of the regional courts are responsible for public deeds issued in their respective areas of responsibility or by notaries who have their official seat in the relevant regional court district (e.g. judgments or notarial deeds).

Public deeds from the area of the Ministry of the Interior of Mecklenburg-Vorpommern must be pre-certified by the district administrators and mayors of the independent and large towns belonging to the district for deeds issued by municipalities within their area of responsibility.

Public documents from the areas of the other ministries - with the exception of documents from the area of responsibility of the Ministry of Justice - must be pre-certified by the respective specialist ministries as part of their specialist supervision. The Ministry of the Interior can only certify or issue an apostille with a valid preliminary certification.

The authenticity of the signature, the capacity in which the signatory has acted and the authenticity of the seal or stamp affixed to the document are certified.
