card themselves. As eID cards can only be applied for from the age of 16 with an activated online ID card, this activation service is only available for ID cards that can also be held by people who are not yet required to have an ID card, albeit without an activated online ID card, or which may have been issued before 15.07.2017 with the eID function deactivated due to the option available at that time.

A visit to the identity card authority is therefore no longer necessary.
