Volltext	Vehicles that do not comply with the construction and operating regulations of the Road Traffic Licensing Regulations (StVZO) require a special permit in accordance with Section 70 (1) StVZO in order to participate in public road traffic. In principle, exemptions may only be approved if all reasonable possibilities for complying with the provisions of the StVZO and the Vehicle Registration Ordinance (FZV) have been fully exhausted. They may only be approved to the extent that is absolutely necessary for the intended purpose (strict standard); no exemption may be granted for economic reasons alone. The exemptions can generally be granted for a period of validity of up to 12 years; they can also be limited to three, six or nine years. The exemption permits must be obtained by the vehicle owner, carried on the

Kosten	<p>Fees apply. Amount of costs (variable): from 10.20 to 511.00 euros. Legal basis: No. 255 Annex 1 to § 1 GebOSt. Note: The amount of the fees is based on the scale of fees for road traffic measures (GebOSt). There, a framework fee of €10.20 to €511.00 is set for each decision on an exemption from a provision of the StVZO per exemption and per vehicle/person; if there are several vehicles of the same design when the application is submitted, a reduced fee may be set. The exact amount of the fee depends on the processing effort, duration of validity and economic advantage for the applicant in each individual case; the determination is at the discretion of the authority.</p>
