| Volltext                      | Citizens and companies must observe special regulations when operating a UAS in aUAS geographical area must comply with special regulations. If this is not possible in justified exceptional cases, they can apply for a permit to operate unmanned aircraft systems in geographical UAS areas. In addition, written and telephone information on UAS operation is provided by the State Aviation Authority.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
