Teaser	Do you extract water from groundwater or surface water? Then you must report this to the competent authority under certain conditions.
Volltext	If you extract a certain quantity of water from groundwater or surface water, you must report this to the competent authority.
Erforderliche Unterlagen	• Information on the quantity of water extracted per water extraction system • Plant documentation • Schematic overview plan • List of layers, well development drawing, etc. • Information on special incidents in the reporting year
Voraussetzungen	• You are not a provider of public water supply, but another water user. • You extract groundwater or surface water in quantities that require a permit.
Kosten	none
Verfahrensablauf	You can report on the annual quantities of water withdrawn and submit plant documentation online: • The water users obtain an account for ThAVEL use • The user-related data and water volumes are entered in an online form • Other documents are uploaded

Modul	Sachverhalt
Bearbeitungsdauer	• As this is purely a reporting obligation, there is no fixed processing time • A random plausibility check is carried out by the Thuringian State Office for the Environment, Mining and Nature Conservation. • Inquiries are made if necessary
Frist	Reporting by water users must be submitted annually by March 31.
