Handlungsgrundlage	
Teaser	If your child would like to continue their education at a grammar school, you can register them there if they meet the entry requirements.
Volltext	<p>The Gymnasium provides an in-depth general education that enables students to continue their education at a university. It comprises grades 5 to 12.</p> <p>In Thuringia, a child can attend a Gymnasium if they have passed an entrance examination or if they have achieved at least a "good" grade in German, mathematics and home and subject studies in their 4th grade report card or have received a recommendation from the respective elementary school for transfer to a Gymnasium at the request of their parents.</p> <p>At the Gymnasium, promotion to grade 10 confirms an educational level equivalent to the Hauptschulabschluss.</p> <p>At the end of grade 10, all students are subject to a central performance assessment, which plays a key role in determining promotion to the course phase of the upper Gymnasium level. Promotion to grade 11 confirms an educational level equivalent to the Realschulabschluss.</p> <p>The course phase of the gymnasiale Oberstufe in grades 11 and 12 is no longer organized in class form, but in course form. The results of these half-year courses are largely included in the Abitur certificate. A high degree of independence is expected, which is also essential when subsequently taking up a course of study.</p> <p>Students who leave the Gymnasium without the Abitur can acquire the academic part of the Fachhochschulreife.  <a href="https://bildung.thueringen.de/schule/schularten/gymnasium">https://bildung.thueringen.de/schule/schularten/gymnasium</a>  <a href="https://bildung.thueringen.de/schule/schularten/gymnasium">https://bildung.thueringen.de/schule/schularten/gymnasium</a></p>
