reliability, information is obtained from other authorities, e.g. police, public prosecutor's office. The permit is required if you as an entrepreneur wish to handle or deal with the following explosive substances:

- NC powder (nitrocellulose powder),
- Stage pyrotechnics / technical pyrotechnics,
- Category F3 and F4 fireworks,
- Category F2 fireworks.

The official permit ensures that only persons who meet the requirements for safe handling have access to explosive substances.

When applying for a commercial permit, the competent authority will, if necessary request further information from you on the existing storage facilities for explosive substances.

Erforderliche Unterlagen

- Valid identity card or passport
- Proof of specialist knowledge or proven competent person with a valid certificate of competence
- Proof of liability insurance
- Proof of commercial activity
- Description of the intended storage (e.g. technical documentation, photographic evidence, storage plan)
- Clearance certificate

For checking the reliability of persons from abroad: You will need a certificate in the form of a certified translation from the competent judicial or administrative authority in your home country or country of origin regarding certain facts that are relevant to the assessment of your reliability (e.g. criminal record extract).

Voraussetzungen

In order to obtain a permit to handle and transport explosive substances, you must meet the following requirements:

- You must have reached the age of 21 to handle explosive substances.
- You must have specialist knowledge. Proof of specialist knowledge is provided in the form of a certificate confirming successful participation in a state or state-recognized training course.
- They must be reliable. The required reliability is normally given if you have previously behaved in accordance with the law and have no criminal record.
