Teaser	Would you like to work as a geriatric care assistant? Then you must have a determination of equivalence.
Volltext	If you want to work permanently in geriatric care in Germany and would like to call yourself a state-certified geriatric care assistant, you must have the determination of equivalence. With the determination of equivalence, you have the authority to exercise the profession of geriatric care assistant. By establishing equivalence, you can also prove to your employer that your training completed abroad has been examined and is equivalent to training in Rhineland-Palatinate.
Erforderliche Unterlagen	• Completed application form • Proof of habitual residence (main residence) in Rhineland-Palatinate or proof of intended exercise of the profession in Rhineland-Palatinate, e.g. through correspondence with a potential employer in Rhineland-Palatinate.

Modul	Sachverhalt
	• Officially certified copy of the identity card or a comparable identification document • In the case of name changes compared to the proof of qualifications, also: civil registry document on name, place of birth and date of birth (e.g. birth/marriage certificate, excerpt from the family book, with German translation) • Curriculum vitae in German with detailed information about school education, vocational training(s) and previous activities • Officially certified copy of the proof of education (e.g. diploma) of the completed training in the national language and in German translation by a court-sworn or publicly appointed translator • Proof from the training institution (school) of the content and scope of the training completed (type and scope (hours) of the subjects, type and scope of practical training) in the national language and in German translation by a court-sworn or publicly appointed translator (or, if applicable, Europass job description) • Proof of your previous activities in geriatric care, with German translation by a court-sworn or publicly appointed translator
Voraussetzungen	Equivalence can be determined if you have successfully completed relevant training in geriatric care and this training does not have any significant differences compared to the training in Rhineland-Palatinate in terms of duration and content. If there are significant differences, you would have to complete an adaptation period or take an aptitude test if the professional experience to be proven is not suitable to compensate for the significant differences (depending on the type, duration and timeliness of the professional experience).
Kosten	Fees range from 34.00 Euro to 165.00 Eu apply.
Verfahrensablauf	
Bearbeitungsdauer	Usually 3 months. Reasonable extension of deadline is possible.
