Volltext	A certificate evaluation is an official document of the Central Office for Foreign Education (ZAB). The certificate evaluation is issued in the form of a certificate. You will receive this certificate in a short version and a long version. It mentions the level of the German educational qualification with which your foreign qualification is comparable. At the same time, it will also inform you about your options for continuing your studies. The ZAB only issues a certificate for completed university education. The certificate evaluation is only a comparative classification. **It does not replace recognition.** With the certificate from the ZAB, you can prove to the university that you have a university degree.
