| Verfahrensablauf             | <p>The Stiftung für Hochschulzulassung carries out the DoSV on behalf of the universities. If a university participates in the procedure, you must register with the Stiftung für Hochschulzulassung at <a href="http://www.hochschulstart.de">www.hochschulstart.de</a>, submit online applications via the portal and put them in the desired order. The applications will be forwarded to the universities and you may have to submit further documents to the universities. The universities will rank the applicants. Depending on your position on the ranking list, you will receive an offer of admission that you can accept. If you do not want to accept the offer yet, you can wait and see whether you receive an offer with your other applications.</p> <p>Lower-ranking offers are automatically eliminated from the process. At the end of the procedure, you will then receive a place for the best possible offer up to that point.</p> |
| Bearbeitungsdauer            | The application process takes 3 to 6 months.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
