Teaser	Are you carrying out deep drilling or other earthworks? In certain cases, the authorities may require you to stop or remove the excavation despite having previously obtained permission.
Volltext	<p>Drilling work that reaches so deep into the ground that it can affect the movement or composition of the groundwater is referred to as earth excavation from a water law perspective.</p> <p>If you carry out a so-called earth excavation, the competent authority can order you to stop or remove it.</p> <p>The order can apply to planned ground excavations that have already been reported to the authority as well as unintentional groundwater tapping.</p> <p>The water authority responsible for your project is determined by the location of the planned drilling points.</p>
Erforderliche Unterlagen	
Voraussetzungen	<ul style="list-style-type: none"> • A detrimental change to the groundwater is to be feared or has already occurred as a result of the excavation. • The damage cannot be avoided in any other way.
