Teaser	If you want to discharge commercial-industrial wastewater into a private sewage plant or sewer, you usually need a permit. Until the permit is granted, the authority may allow you to discharge the wastewater beforehand.
Volltext	If you want to discharge wastewater into a private sewage plant, you must apply for a permit. If you are unable or unwilling to wait until the permit has been granted, the competent authority may allow the initiation to start early. You must apply for this.
Erforderliche Unterlagen	<ul style="list-style-type: none"> • Application for early start for the discharge of waste water into private sewage treatment plants • If applicable, documents, such as statements, which justify your interest in early start
Voraussetzungen	<p>Authorisation shall be granted if:</p> <ul style="list-style-type: none"> • an application for authorisation has already been submitted, • a decision in favour of the applicant can be expected, • there is a public interest or a legitimate interest of
