Teaser	If you want to establish, operate or make certain changes to a storage facility, you must apply for a permit from the competent authority.
Volltext	<p>Storage facilities are rooms or areas, including the fixed containers and other storage facilities provided for in them, which are used for the storage of flammable liquids with a total volume of more than 10,000 litres. They are systems that need to be monitored.</p> <p>You will need permission from the competent authority if you:</p> <ul style="list-style-type: none"> • want to build and operate a storage facility • want to make changes to the design or operation that affect the safety of the installation. <p>Permission can be granted to you subject to the following restrictions:</p> <ul style="list-style-type: none"> • limited • temporary • under conditions, or • with conditions.

Modul	Sachverhalt
	<p>If the installation requiring a permit is part of an installation requiring a permit, no separate permit will be issued. The permit includes the permission.</p>
Erforderliche Unterlagen	<p>Informal application with the following information:</p> <ul style="list-style-type: none"> • Last name, first name, company name • Address of the applicant • Contact information (e-mail, telephone, fax) • Type of permit Construction and operation modification and operation, or Partial permission • Indication of the place of operation <p>Documents to be able to assess the plant:</p> <ul style="list-style-type: none"> • Subject matter of the application • Description of the system and filling station • Description of the plant technology and interaction with other plants • Piping and instrumentation diagram (P&ID diagram) • Safety Data Sheets • Description of the mode of operation • Description of the aggregation and establishment of the requested storage classes • Lay-out • Site plan • Floor plan/technical plan • Ex zone plan • Explosion protection concept • Information on fire protection • Description of the permanent retention volume • Calculation of manufacturing costs • Other installations • Test report of an approved inspection body (ZÜS) The test report must confirm that the system can be operated safely if the above measures are observed. • file number and details of the approval authority of a building permit that has already been granted, or • to the approval authority in the case of a building permit that has yet to be applied for or has already been applied for
Voraussetzungen	<ul style="list-style-type: none"> • The plant for which you are applying for the permit must be an installation requiring a permit.

Modul	Sachverhalt
	<ul style="list-style-type: none"> • They must construct and operate state-of-the-art storage facilities. • Your documentation must be complete, plausible and meaningful. • The test report of the approved inspection body (ZÜS) must confirm that the requested installation can be operated safely if the measures specified in the documents, including the tests, are complied with.
Kosten	<p>Gebühr: 160€ - 20.000€</p> <p>https://www.landesrecht.rlp.de/bsrp/document/jlr-ArbSchGebVRP2009rahmen</p>
Verfahrensablauf	<ul style="list-style-type: none"> • Submit the application for permission for the installation requiring monitoring to the competent authority with the necessary documents, including the test report of the approved inspection body (ZÜS). • If there is a permit requirement under the Federal Immission Control Act, you will receive the application documents back, as a permit under the Industrial Safety Ordinance will then be checked as part of the necessary permit under the Federal Immission Control Act. • The competent authority shall take its decision after examination and shall inform you thereof.
Bearbeitungsdauer	<p>0 - 3 Monat(e)</p> <p>The processing time applies from the date of receipt of the complete application documents. An extension of the processing time is possible in justified cases.</p>
Frist	<p>The permit expires if:</p> <ul style="list-style-type: none"> • you have not started the construction of the installation within two years of the permit being granted, • you have interrupted the construction of the installation for two years or more, or • You have not operated the system for a period of two years. <p>For important reasons, you can apply to the licensing authority for an extension of the deadlines.</p>
