Modul
Sachverhalt

The wastewater from the small wastewater treatment plant can seep away or be discharged into an above-ground body of water.

Surface waters are rivers, lakes, canals, streams, ditches and ponds.

The permit specifies the type and extent of use. It may be subject to conditions and ancillary provisions. In contrast to a permit, a license can be revoked by the authorities.

Erforderliche Unterlagen

- Application form
- Documents for the small wastewater treatment plant (depending on availability) Declaration of performance, building authority approval Drawings, dimensioning documents Proof of tightness Maintenance logs
- For infiltration Proof of infiltration Hydrogeological report Illustration, dimensioning documents of the infiltration system
- For discharge into a surface water body Hydrological report Statement and consent of the watercourse owner or person responsible for maintenance
- Site plan, extract from cadastral map
- Construction drawings
- Consent of affected property owners
- Accompanying landscape conservation plan, if applicable
- Technical contribution to the Water Framework Directive, if applicable
- Certificate of competence

Voraussetzungen

- The responsible authority has a permit for the project under water law.
- The requirements specified in the Wastewater Ordinance are complied with.
- The discharge is compatible with the requirements for water characteristics and other legal requirements.

Kosten

Gebühr: 265€ - 13.290€
 High permission
 Gebühr: 36,10€ - 9.000€
 Simple permission
 The fees stated apply to new permits.
