Teaser	The way to school is not reasonable for your child, especially due to the distance? Then it is entitled to the pupil transport to school.
Volltext	In principle, all pupils are entitled to pupil transport if they are resident in Rhineland-Palatinate and the way to school without the use of a means of transport is unreasonable. For pupils at upper secondary level, pupil transport is only granted if they fall below a certain income limit, the amount of which is regulated in a statutory ordinance. An appropriate own contribution should be levied. This is determined by the providers of school transport themselves and can therefore vary in the various districts and independent cities.
Erforderliche Unterlagen	Please ask the education office of the district or the independent city for which documents you need to bring with you. It is also possible that the school itself can provide information about this.
Voraussetzungen	The way to school is not reasonable for the student.

Modul	Sachverhalt
	This is the case if the footpath between home and primary school is longer than 2 kilometres, in secondary schools longer than 4 kilometres or the way to school is particularly dangerous. In the case of pupils with special educational needs, the type and degree of disability are also decisive for the reasonableness of the way to school. The entitlement to pupil transport refers to the nearest school of the chosen type of school.
Kosten	There are no fees.
Verfahrensablauf	School transport costs will be covered from the time of application. A retroactive grant is not possible. For this reason, the application should be submitted before the beginning of the school year. The application must normally be submitted once for the duration of the school visit. A new application is required in particular if the pupil's place of residence changes, the pupil changes schools or the mode of transport changes. Changes to the information provided in the application for school transport (in particular in the event of change of residence, change of school, termination of school attendance) must be communicated to the district administration or city administration immediately. If the conditions on which the approval of the pupil transport costs were based (e.g. length of the way to school, actual school attendance) cease to apply, the transport costs shall cease to be borne from the time when the change occurred.
Bearbeitungsdauer	
Frist	The application should be submitted before the start of the school year.

Modul	Sachverhalt
Kurztext	If the way to school is too long or particularly dangerous, pupils are entitled to pupil transport.
Ansprechpunkt	As a rule, the application for pupil transport must be submitted to the education office of the district or the independent city. The required application forms are also available at school.
Zuständige Stelle	
Formulare	The application forms are provided by the providers of school transport (district or district-free city). In the case of applications for pupil transport that is granted on the basis of income (upper secondary level), the relevant income tax assessment must be attached to the application.
