Teaser	The building design authorization must be applied for at the Chamber of Engineers or the Chamber of Architects.
Volltext	<p>According to the Lower Saxony Building Code (NBauO), the author of the design is responsible for ensuring that the design for the construction project complies with public building law. According to § 53 Para. 1 S. 2 NBauO, the design includes the building documents, including the documents that do not have to be submitted for construction measures according to §§ 62, 63 NBauO. This is determined by the Building Submission Ordinance (BauVorIVO). In order to obtain the authorization to submit building documents, you must be entered in the list of design authors, unless you have already been entered in a corresponding list in another federal state.</p> <p>If you have a place of residence or a professional establishment in Lower Saxony or exercise your profession wholly or partly, but not only temporarily or occasionally, in Lower Saxony and are entitled to use the professional title "engineer" on the basis of a degree in civil engineering and have worked for at least two years in the object planning of buildings, you can be entered in the list of design authors.</p>

Modul

Sachverhalt

You may use the protected professional title "engineer" in accordance with § 1 NIngG if the requirements specified in § 6 NIngG are met.

Persons who have a qualification from an EU member state, another state party to the Agreement on the European Economic Area or a state treated as such by agreement or from another foreign country require a permit from the Lower Saxony Chamber of Engineers in accordance with Sections 7 to 9 NIngG to use the professional title "Ingenieurin" or "Ingenieur" or must be authorized to use the professional title in accordance with the law of another federal state.

Erforderliche Unterlagen

- Proof of studies in civil engineering
 - Proof of professional experience in the object planning of buildings by submitting prepared building templates within the meaning of the BauVorlVO for buildings over a period of at least two years
 - Confirmation by the responsible design author that the submitted building templates have been prepared by the applicant
 - Statement of Reliability

Please have all the necessary documents ready for the electronic application. Without the complete documentation, you will not be able to complete the electronic application process and submit your application.

Voraussetzungen

- Entitlement to use the professional title "Ingenieurin" or "Ingenieur" due to studies in civil engineering
 - The entitlement to use the professional title "Ingenieurin" or "Ingenieur" may be carried out in separate procedures by the Chamber of Engineers of Lower Saxony
 - at least two years of professional experience in the field of object planning of buildings
 - the reliability required for the profession
 - Further details can be found in § 21 NIngG (see legal basis).

Kosten

- 350 € one-time registration fee
