subject to a waste law verification procedure. Waste producers as well as owners, transporters, collectors and disposers of hazardous waste are obliged to do so. Private households and small quantity producers who do not generate more than two tons of hazardous waste per year are exempt.

You are subject to the obligation to provide evidence of hazardous waste and your point of generation produces less than 20 tons per year and waste type? You can organize the disposal via a collective proof of a carrier and as a producer you do not need to participate in the electronic proof of disposal procedure, because in this case the electronic procedure is managed by the carrier who has had the collective proof of disposal approved.

Erforderliche Unterlagen

- Prescribed forms of the detection regulation
- including suitable declaration analysis

Voraussetzungen

For the producer:
 Producer number, if more than 2 t of hazardous waste is generated (for entry in the transfer bill).

For the collector:
 Access to the electronic verification procedure via a post office box directly at the ZKS or via a provider.
 An electronic signature card is required for the necessary electronic signature of the verification documents. This signature card is available from various providers.
