Teaser	If you operate a family care home, you can apply for a parking permit. With this, you are allowed to park in certain areas for the duration of your work assignment.
Volltext	Family care vehicles can receive a parking permit from the responsible authority. This can, for example, entitle the holder to park free of charge in restricted stopping zones, resident parking zones or parking management zones (parking spaces with parking meters or parking ticket machines). The exemption is usually only valid for certain individual family care activities. Note the exact contents of the exemption permit. When using the exemption permit, above all, other persons must not be endangered or hindered.
Erforderliche Unterlagen	The documents to be submitted vary from authority to authority. For example, you must provide a copy of the vehicle registration document.
Voraussetzungen	The competent authority shall examine the application for the parking permit. There is no entitlement of the applicant.
Kosten	The amount of the fee varies depending on the number of vehicles, the period of validity of the parking permit and its area of validity.
Verfahrensablauf	You must submit an application for the granting of the exemption. How to make the application varies from authority to authority. The authority then examines your application and, if necessary, issues the exemption.
