	the deferral if your personal or economic circumstances relevant to the decision have changed significantly. Such a change must be notified to the court without delay. If you do not comply with this obligation despite a request from the court, the deferment may be lifted.
	The court grants – provided that the conditions are met – the deferral separately for each stage of the proceedings. Stages of the proceedings are, in particular, the opening proceedings, the actual insolvency proceedings and the discharge of residual debt proceedings.
Erforderliche Unterlagen	 Application for the opening of insolvency proceedings Admissible application for discharge of residual debt Application for deferral of the costs of the proceedings with an attached declaration that there is no ground for refusal pursuant to § 290 sec. 1 no. 1 Inso. Such a reason exists if, in the five years preceding the application for the opening of insolvency proceedings or after this application, you have been finally sentenced to a fine of more than 90 daily rates or to imprisonment of more than three months for an offence under Sections 283 to 283c of the Criminal Code. The application for deferment must be accompanied by a statement of the assets, in particular of the amount of current income, of the current liabilities together with the corresponding supporting documents. The insolvency courts also provide forms for this declaration of personal and economic circumstances.
	If an advance payment claim against the spouse under § 1360a sec. 4 BGB or life partner under § 5 LPartG comes into consideration, the application must contain statements on the spouse's ability to pay, the incurrence of the liabilities and the causes of the debt, so that the court can assess the question of the obligation to make advance payments (cf. BGH, decision of 24 July 2003 – IX ZB 539/02, juris para. 19) (We, 15/10)

	 natural persons (not possible for legal entities, e.g. a GmbH) Application for deferral of costs Application for the opening of insolvency proceedings Admissible application for discharge of residual debt, i.e. the deadlines of § 287a InsO must be complied with and there are no grounds for refusal (see also "Discharge of residual debt"). It must be possible to obtain exemption from liabilities in the insolvency proceedings.
Kosten	Gebühr: Es fallen keine Kosten an
Verfahrensablauf	 If you have filed an application for the opening of insolvency proceedings, the insolvency court will check whether the costs of the proceedings are covered. If costs are not covered, the insolvency court will request an advance on court costs from you. If you do not have sufficient assets to pay this advance, you can apply for deferral of the costs of the proceedings. In order to speed up the proceedings, it makes sense to file the application for deferment at the same time as the application for the opening of insolvency proceedings.
Bearbeitungsdauer	
Frist	Insolvency proceedings are opened only if the costs are covered. If the deferment is to be granted for the opening proceedings, the application must be submitted at the latest when the decision on the application to open proceedings is taken. Deferment of payment may be requested for the entire procedure or for several stages of the proceedings. Deferment is possible for the individual stages of the insolvency proceedings. A separate application must then be made for each stage of the procedure.
