Teaser	
Volltext	The study of medicine includes a state examination. To be admitted to the exam, you must register in writing. Proof of having passed the third section of the medical examination is a prerequisite for the licence to practise medicine. Medical training includes • a six-year course of study in medicine at a university or equivalent institution of higher education, which includes 48 weeks of continuous practical training (practical year) • training in first aid; • a nursing service of three months, • a clinical traineeship of four months and • the medical examination, which must be taken in three sections. The standard period of study, including the examination period for the second section of the medical examination, is six years and three months. The first section of the medical examination is taken after two years of medical studies.

Modul	Sachverhalt
	The second section of the medical examination is taken after three years of medical studies, including one practical year, after passing the first section of the medical examination. The third section of the medical examination is taken after a study of medicine of one year after passing the second section of the medical examination.
Erforderliche Unterlagen	Among other things, you must enclose the following with your registration: • the birth certificate, in the case of married persons or registered life partners, also the marriage / civil partnership certificate • proof of university entrance qualification (university entrance qualification); in the case of certificates obtained abroad, also the notification of recognition from the competent authority • the study book or a corresponding proof of study periods • Certificate of participation in the training events (original) Further documents may be mentioned in the application forms.
