Modul	Sachverhalt
	with the Ordinance on Occupational Health Care must have been carried out for all employees working with materials containing asbestos before work begins.
Kosten	There are no fees for the administrative service.
Verfahrensablauf	You have submitted the company-related notification to the responsible occupational health and safety authority at least seven days before the start of the activity.
	In the case of medium-risk work, a supplementary notification of time and place is required in addition to the company-related notification. This notification must be sent to the health and safety authority responsible for the location of the object (e.g. construction site) and a copy sent to the accident insurance company.
Bearbeitungsdauer	
Frist	Property-related or company-related activities involving materials containing asbestos must be notified at least seven days before the start of the work. In addition to the company-related notification, no deadline must be observed for the notification of place and time. This notification can be made shortly before the start of the activity.
