<b>Verfahrensablauf</b>	<p>The contractor must check which road safety measures are necessary and appropriate during the planning phase of the work site based on the specific local conditions. A written application must then be submitted to the traffic authority for the traffic safety measures to be ordered.</p> <p>The traffic authority examines the application and the documents submitted and consults the authorities to be involved (police and road construction authority). If necessary, a site inspection is carried out with all parties involved in order to coordinate the necessary measures on site. The necessary measures are then ordered by the traffic authority to be carried out by the contractor.</p>
<b>Bearbeitungsdauer</b>	
<b>Frist</b>	<p>2 Woche(n)</p> <p>The application must be submitted in good time, at least two weeks before the start of the construction work.</p> <p>Deadlines may have to be observed. Please contact the responsible office.</p>
