Teaser	If, as a civil engineer, you meet the necessary requirements, you can submit an application for inclusion in the list of persons entitled to provide structural evidence as a qualified structural engineer.
Volltext	Upon request, the list of structural engineers must include those who meet the requirements prescribed in § 66 of the Brandenburg Building Code. The application must be accompanied by the documents necessary for the assessment of the conditions for registration. A decision on the application must be taken within three months of the submission of the complete dossier; the time limit may be reasonably extended once if justified by the difficulty of the matter. The application shall be deemed to have been approved if it has not been decided upon within the time limit. Engineers who are established in another Member State of the European Union or in a country treated as such under the law of the European Community for the preparation of stability certificates are entitled to prepare stability certificates in accordance with § 65 (4) to (6) of the Brandenburg Building Code without being entered in the list if they meet the requirements prescribed by §66 of the Brandenburg Building Code. A national of a Member State of the European Union or of a state treated as such under the law of the European Community must be entered in the register of external structural engineers, to whom the Brandenburg Chamber of Engineers has certified upon

Modul	Sachverhalt
	application that he or she fulfils the requirements prescribed by § 66 of the Brandenburg Building Code.
Erforderliche Unterlagen	The application for entry on the list of structural engineers must be accompanied by the following documents: • Certificate of completion of a degree in building construction or civil engineering, • Documents of practical experience in the field of structural engineering of at least three years, • Reference list with own structural designs, • three structural designs prepared by hand, • Police clearance certificate (not older than 6 months), • Curriculum vitae in tabular form.
Voraussetzungen	Requirements for entry in the list of structural engineers and structural engineers are: • University degree qualifying for a profession in the field of architecture, building construction or civil engineering, • at least three years of professional experience in structural engineering.
Kosten	Fee for members of the Chamber when they are registered for the first time as authorised to provide evidence: EUR 150 Registration fee without a chamber membership: 500 EUR
Verfahrensablauf	Registration is made upon written application. • Download and print the form online. • Fill out the form and attach the necessary supporting documents. • Submit the application to the Brandenburg Chamber of Engineers. • The application will be processed by the Registration Committee (which may provide explanations or requests for subsequent documents). • You will then receive a notification from the Registration Committee by post.
Bearbeitungsdauer	approx. 4 months
