Volltext	Vehicles belonging to a commercial enterprise or a self-employed person may be issued with a parking permit by the competent authority. This can, for example, entitle the holder to park free of charge in restricted no-stopping zones, in residents' parking zones or in parking space management zones (parking spaces with parking meters or parking ticket machines). The special permit is usually only valid for certain individual activities of the commercial enterprise or the self-employed person. Please note the exact content of the exemption. Above
