Teaser	The hunter's examination is an examination of expertise that is a prerequisite for the issue of a hunting license.
Volltext	In order to go hunting in Germany, an official permit (hunting license) is required. In accordance with Section 15 (5) sentence 1 of the Federal Hunting Act (BJagdG), the first issue of a hunting license is dependent on the applicant having passed a hunting examination within the scope of the Federal Hunting Act. The hunting examination is offered in Bavaria on four dates per year. Currently, when registering for the examination, applicants can specify up to two of the 13 locations in Bavaria where they would like to take the hunting examination. The examination consists of a written, an oral and a practical part. The written part of the examination is carried out using the multiple-choice method; the examination authority selects questions from the question catalog published by the supreme hunting authority with sample solutions. Candidates who have failed parts of the examination
