Volltext	The lower road traffic authorities (district administrations, independent municipalities and large district towns) can grant parking concessions to craft businesses, commercial agents and social service workers for a maximum period of three years on application, subject to certain conditions. This may be the case, for example, if the vehicle is used as a workshop vehicle or to transport tools or materials or is absolutely necessary due to urgency or to carry out a support activity and no other parking space is available within a reasonable distance. As proof of authorization, the authority issues an orange parking permit with the inscription "Handwerker", "Handelsverteter" or "Sozialer Dienst". Local responsibility lies with the authority in whose area the parking concessions are to be used. Further details can be obtained from the relevant authorities.
