Teaser	You can apply to the Bavarian Chamber of Architects for recognition as a fire safety inspection expert. You are then authorized to issue test certificates.
Volltext	<p>Fire safety experts certify in their specialist area on behalf of the building owner or other person responsible under building regulations. The inspection experts are independent within the scope of their duties and are not bound by instructions from the client.</p> <p>Recognized fire safety inspection experts check the completeness and correctness of the fire safety certificates and monitor the proper execution of construction work with regard to the implementation of the fire safety certificates certified by them.</p> <p>The registration committee at the Bavarian Chamber of Architects examines and decides on recognition.</p>
Erforderliche Unterlagen	<ul style="list-style-type: none"> <li>• Degree certificate from the university</li> <li>• Proof of at least five years' experience in the fire</li> </ul>

## Modul

## Sachverhalt

protection planning and execution of buildings or their testing

For this purpose, 4-5 fire protection certificates or concepts should be submitted, each dealing with different special building situations with a higher degree of fire protection difficulty.

- Curriculum vitae

with full details of your professional background up to the date of application

- Certificate of good conduct

Proof of application for a certificate of good conduct for submission to a public authority, which should not be older than three months

- Advance on fees (proof)
- Details of any branches
- Information on any participation in a company whose purpose is the planning and execution of construction projects.

## Voraussetzungen

Test experts for fire protection must:

- have a good command of written and spoken German,
- offer a personal guarantee that they will carry out their duties properly, i.e. they must act impartially, conscientiously, on their own responsibility and independently in compliance with building regulations,
- have the ability to hold public office,
- have their registered office or a branch in the Free State of Bavaria,
- have liability insurance with a liability sum of at least € 500,000 each for personal injury, property damage and financial loss per claim, which must be available at least twice per insurance year.

Fire safety experts must also prove that they:

Modul	Sachverhalt
