| Volltext | <p>Anyone who is admitted to hospitals, nursing homes or other facilities for the care of people in need of care or disabled people or for home education does not have to register as long as they are registered for another residence in Germany. However, anyone who is admitted permanently must register within two weeks because they have moved out of their previous home(s) in Germany. Moving out means the actual, final departure from an apartment. As a rule, moving out is assumed if the anticipated absence is longer than one year. Anyone who is not registered for a residence in Germany must register within two weeks as soon as their stay exceeds three months.</p> <p>For persons who are unable to comply with their obligation to register in person (e.g. due to infirmity) and for whom no carer or guardian has been appointed who can determine their residence, the managers of the facilities must notify the registration authority responsible for the location of the facility of their admission within two weeks. The persons concerned must be informed of this.</p> <p>For persons for whom a guardian has been appointed who can determine their whereabouts, the obligation to notify is incumbent on the guardian.</p> <p>If an authority determines that it is necessary in</p> |
