Teaser	The Free State of Bavaria awards grants for projects in the field of non-state museums via the State Office for Non-State Museums.
Volltext	<p>The State Office for Non-State Museums, which is part of the Bavarian State Office for the Preservation of Monuments, supports and advises the non-state museums as a service institution of the Free State of Bavaria in all specialist matters relating to museum work. State funding for non-state museum projects is provided via the State Office.</p> <p>Recipients</p> <p>museums supported by the State Agency include institutions maintained by local authorities, i.e. districts, counties, towns and municipalities, but also by public institutions such as religious communities or public law institutions and foundations. In addition, private-law forms of sponsorship also play an important role for non-state museums: these include, in particular, museums run by associations, foundations, companies and private individuals, provided they are regularly open to the public.</p> <p>Object and eligible costs</p> <p>State grants to non-state museums in Bavaria can be awarded by the State Agency for the following purposes</p> <ul style="list-style-type: none"> • Concepts (e.g. feasibility studies, utilization and exhibition concepts),

Sachverhalt

- Museum equipment and exhibition design (excluding special and temporary exhibitions),
- Creating suitable conservation conditions for the presentation and storage of museum objects in exhibition and storage rooms, e.g. by planning measures for climate stabilization and light protection as well as for setting up storage facilities (preventive conservation),
- Conservation and restoration of museum objects
- Projects in the field of inventory and documentation as well as digitization,
- Projects for the scientific cataloging of museum collections, in particular provenance research,
- didactic development of museum collections (e.g. through infographics or audiovisual media),
- transfer of architectural objects to scientifically managed open-air museums,
- museum education projects, including the planning and installation of museum education rooms,
- sustainable public relations projects.

The grants are awarded as project funding by way of pro rata financing for investment measures that are of lasting benefit to the museum. Particular importance is attached to measures to implement inclusion. Expenditure for ongoing operations or for special and temporary exhibitions will not be funded. Structural measures, the installation of building services and security equipment in the museum building are also not eligible for funding.

Type and amount

The grant is provided as proportional funding in relation to the total eligible costs. The amount of funding depends on the technical necessity of the measure and the neediness of the applicant.

The significance and urgency of the project are decisive for the allocation of funding.

There is no legal entitlement to funding. Funding is granted in accordance with the budget funds available.
