Teaser	In special exceptional cases to avoid unjustified hardship, it may be ordered that entries in the driving aptitude register (points) are deleted.
Volltext	The competent government can order the deletion of entries in the driving aptitude register in accordance with Section 29 Para. 3 No. 2 of the Road Traffic Act (StVG) for entries that are not to be included in the Federal Central Criminal Register - irrespective of otherwise applicable deletion periods and prohibitions - if this is necessary to avoid unjustified hardship and public interests are not jeopardized. In this respect, premature erasure can only be considered in exceptional cases, for example if the underlying decision is materially incorrect and the person concerned has allowed it to become legally binding through no fault of their own. Early repayment can be ordered ex officio or upon application. There is no legal entitlement to the order. It is a discretionary decision.
Erforderliche Unterlagen	• If applicable, written application with reasons why the requirements for a positive decision by the government are met • Copy of the underlying decision, if applicable
Voraussetzungen	
Kosten	The costs are calculated according to the administrative costs: EUR 12.80 to EUR 102.
Verfahrensablauf	The application must be submitted in writing to the responsible government.
