Teaser	The Free State of Bavaria supports the investment expenditure of towns, markets or municipalities for permanent green and recreational facilities on the occasion of Bavarian State Garden Shows.
Volltext	<p>Purpose</p> <p>The purpose of the funding is to improve local recreational opportunities in urban areas and to improve urban ecological and climatic conditions to support integrated, sustainable urban-rural development by creating an urban green and recreational area on the occasion of Bavarian State Garden Shows.</p> <p>Recipient of the grant</p> <p>The recipient of the grant is the local authority on whose land or areas available to it by contract on a long-term basis (at least 25 years) the permanent green and recreational facilities are created on the occasion of a garden show and which bears the costs.</p> <p>Eligible measures</p> <p>Investment expenditure for the creation and significant expansion of green and recreational facilities that are made available to the public (after the horticultural show has been held) permanently and free of charge and are not intended to generate profit is eligible for funding. This also includes expenditure for the creation of public paths and squares.</p> <p>Type and scope</p>

## Modul

## Sachverhalt

The grant is awarded as project funding by way of pro rata financing as a subsidy towards the total eligible expenditure. For permanent investments in green and recreational facilities in the course of garden shows, the maximum funding rate is 50% of the total eligible expenditure. The grant per garden show can amount to a maximum of five million euros.

Within the framework of the respective state garden show, non-profit associations and organizations are also supported with 70% of the total eligible expenditure for the individual contribution for so-called longer contributions (in particular in the area of environmental education, nature experience and nature education). The grant amounts to a maximum of 50,000 euros per contribution. The de minimis limit for eligible expenditure is EUR 5,000 per contribution.

Since 2025, funding has also been provided for the expenditure shown in the implementation budget of a garden show that the municipality has to bear for the organization (preparation and implementation) of a garden show.
