## Sachverhalt

contracting state that is not listed in Annex V of Directive 2005/36/EC, the application will be processed in accordance with the general recognition procedure. For this purpose, the equivalence of the level of further training is checked. The level of further training is considered equivalent if your further training does not show any significant differences compared to the further training according to the further training regulations for doctors in Bavaria in the currently valid version.

- Significant differences can be compensated in whole or in part by knowledge, experience and skills that you have acquired during your professional practice in an EU member state, an EEA state, a contracting state or a third country.
- If significant differences are not compensated for by professional experience, an aptitude test is required which covers the knowledge, experience and skills in which significant differences exist.
