Hinweise	Advice and diagnostics are free and voluntary. Consultation is possible without a referral from a doctor. The adolescent psychiatric service provides information on: Developmental disorders, mental problems, Behavioral problems, threatening or manifest mental, emotional and multiple disabilities in childhood and adolescence, mental and psychosomatic illnesses. In addition, the youth psychiatric service supports and advises children and adolescents in acute psychological crises. The adolescent psychiatric service also works closely with maternal counseling centers and other counseling centers. In acute child and adolescent psychiatric emergencies, please contact the local police station outside of opening hours or the child and adolescent psychiatric department of the Asklepios Hospital Harburg (department child and adolescent psychiatry) or the University Clinic Eppendorf directly.
Rechtsbehelf	
Kurztext	The adolescent psychiatric service advises and assesses: Baby, Small children and school children, Young people as well as their parents and caregivers. The adolescent psychiatric service offers: Prevention, Diagnosis, Treatment for developmental delays, Disabilities and measures in the context of integration assistance.
