Teaser	Are you looking for information on official rat control measures?
Volltext	Many animals can transmit pathogens and thus affect or even endanger your health and the health of animals. If you notice any health hazards, you should report them to the relevant authority. They will then take the necessary measures to combat the pests. Health pests are animals that can transmit diseases to humans. These include rats, bed bugs, martens, polecats and other vermin. As a property owner, you have a duty to remove any threats to public safety that may arise from your property. This includes taking measures to control rats or other pests. Report if you are affected by health pests such as rats, polecats, bed bugs, martens or other vermin.
Erforderliche Unterlagen	No
Voraussetzungen	There are health pests on your property, such as rats, bed bugs, martens, polecats or other vermin.
