Handlungsgrundlage	Section 11 Ordinance on Prohibition of Chemicals Fee schedule for the areas of occupational safety and plant and product safety (ArbSchGebO)
Teaser	If you wish to place particularly dangerous substances or mixtures on the market to private end users, you require a permit from the competent authority.
Volltext	Section 11 of the Chemicals Prohibition Ordinance regulates the certificate of competence, which is necessary for people who bring certain dangerous substances into circulation. This is important for everyone who gives certain chemicals to buyers or recipients. Submission is understood to mean both direct handover and dispatch. In addition to classic companies from the chemical industry, this also includes hardware stores, drug stores and companies for painting supplies. Please note: The expertise according to § 11 ChemVerbotsV (poison trade permit) can only be acquired personally and not, as is often assumed, issued to a company.
