| Teaser | With a changeable license plate you can use the same license plate for two vehicles. |
| Volltext | <p>With a changeable license plate you can use two vehicles under the same license plate.</p> <p>The allocation of changeable license plates is only possible for</p> <ul style="list-style-type: none"> • two vehicles of the same vehicle class, e.g. class M1, • two two-wheeled or three-wheeled motor vehicles and light quadricycles, • two trailers with a maximum permissible mass of up to 0.75 tonnes <p>The license plates consist of two parts: a replaceable common license plate part and a vehicle-specific license plate part. Together, the two parts form the complete license plate. The vehicle-specific part bears an identification number, so that each vehicle has its own specific license plate and can be clearly identified. A W is embossed on the common license plate part above the space for the stamping plate. The MOT stickers are affixed to the rear vehicle-specific license plate parts.</p> |
